At yesterday's state council meeting I formally announced that I will not be recontesting the secretaries position as I will be retiring from both my union duties and my operational role as a firefighter. This retirement has come about following thirty three years of enjoyable service as both a firefighter and an elected union officer which I am very grateful for and I now look forward to spending my retirement years with my family.

A further Wordback will follow with details of the election process.

If your contact details have recently changed please ensure that the union has been informed for correct inclusion on postal ballot.

In solidarity
